EDUCATION

Sharnbasava University

B.Tech in Computer Science and Design

CGPA: 8.0/10.0

Kalaburagi, India

Expected Graduation: May 2028

- **Relevant Coursework:** Problem Solving with C, Object-Oriented Programming (Java), Data Structures, Database Management, Web Technologies.

TECHNICAL SKILLS

- **Languages:** JavaScript, Java, C, HTML5, CSS3, SQL.
- **Technologies:** Firebase (Auth, Firestore), REST APIs, Git, GitHub, VS Code, Node.js (Basic).
- **Design:** UI/UX Principles, Responsive Web Design, Figma.

PROJECTS

Personal Finance Tracker

JavaScript, Firebase, Chart.js

Hackathon Project

- Developed a full-stack web application to help users track expenses, featuring secure login via **Firebase Authentication**.
- Integrated **Chart.js** to visualize spending data into dynamic pie charts and graphs for better financial insights.
- Implemented an “Export to Excel” feature using JavaScript libraries, allowing users to download monthly reports.

Smart Bus Tracking & Booking System

HTML, CSS, JavaScript, Firebase

Semester Project

- Led a team of 4 to engineer a transport management system that handles seat booking and route tracking.
- Designed a responsive UI completely in **CSS**, allowing students to reserve seats and receive digital tickets.
- Connected the application to a **Real-time Database** to update seat availability instantly across all user devices.

Alumni Database Portal

JavaScript, NoSQL

Hackathon Project

- Built a searchable directory during a Hackathon to connect students with university alumni.
- Implemented search and filter logic to query the database by graduation year and industry.

LEADERSHIP & EXPERIENCE

Hackathon Team Lead

Sharnbasava University

- Led technical teams in multiple university hackathons, delegating frontend and backend tasks to ensure on-time delivery.
- Mentored teammates on using **Git and GitHub** for version control, ensuring a smooth collaborative workflow.
